BALTECO

Balteco was established by a small group of talented and ambitious engineers thirty years ago. Driven by an aspiration to create practical and timeless designs, Balteco has grown to become one of the leading manufacturers of bathroom products in Northern Europe.

This 2021 *Xonyx solid surface* catalogue includes an exclusive selection of freestanding baths, steam showers, basins, table tops and more...

EXQUISITE NORDIC DESIGN

Radically simple. Exceptionally enjoyable.

A design statement made possible by intricate engineering and passion for timeless design.

» DESIGN & COMFORT

The innovative construction of Xonyx solid surface baths employs dual wall architecture, which means that the bath's inner and outer walls are seamlessly integrated to create a durable monolithic bath. Dual wall construction allows for a comfortable contoured inner surface and elegant external design lines. The space in between the two walls acts as an effective thermal insulator, reducing heat loss and keeping warm longer.

XONYX™

» INSTALLATION MADE EASY

Xonyx solid surface baths come with sturdy galvanized steel bottom frames with adjustable legs that are completely hidden from a view. This novel construction offers extra space under the bath for a hidden drain connection assuring easy installation without the need for bathroom floor reconstruction. Beauty meets practicality.

UNIQUE XONYX™ *solid surface* TECHNOLOGY: EXTRA HARD SURFACES

As a reward for over a decade of dedication in engineering the innovative Xonyx solid surface, Balteco has succeeded in developing superb material and unique production method to perfect it. Innovative Slow Polymerization System (SPS) - that brings out the best performance characteristics of this remarkable solid surface material.

Thorough testing of Xonyx™ solid surface has shown that SPS technology perfectly blends the strength of natural minerals with the physical properties of resins and acrylic compounds creating structurally durable monolithic stone with an exceptionally hard scratch-resistant surface.

MADE TO BE TOUCHED

The perfected *Xonyx solid surface* treatment provides an extraordinary silky-smooth surface with a satin impression, making the material warm and pleasing to the touch while retaining its easy-to-clean properties. Simply irresistible to touch.

EXCLUSIVE WASTE PLUGS

It's WHITE it's XONYX – blending with the bath's finish, white Xonyx waste plugs are an almost invisible yet elegant detail. All-white satin surface *Xonyx solid surface* baths allow matching with tap mixers, bathroom accessories or décor of any finish.

DELICATE YET EFFECTIVE OVERFLOW

The discreet integrated overflows on *Xonyx solid surface* baths are spectacularly neat yet intelligently engineered. The overflow system, with just a small minimalist machined slot and hidden custom-designed piping system, delivers overflow rates that exceed all European requirements. No protrusions, no external pipes. Simply beautiful.

METICULOUSLY HAND-CRAFTED

Xonyx solid surface baths are handmade in Estonia to honour the value of traditional craftsmanship and deliver exceptional quality. Aspiring for perfection, every bath is carefully hand-crafted by experienced masters with no detail being overlooked from casting to thorough final testing. Dedication is the key to achieving perfection.

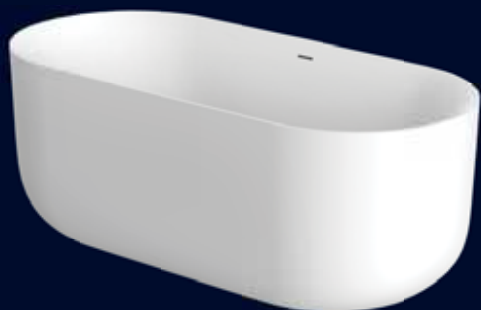

ANY COLOUR YOU LOVE

Offering full freedom in bathroom decoration,
Xonyx *solid surface* bathtubs are available
in virtually any bathtub exterior color
finish imaginable - the full RAL pallet range.

XONYX™ TABLETOPS WITH INTEGRATED BASINS

Balteco Xonyx solid surface customized tabletop program with integrated basins offers custom-measurement tabletops with integrated basins for commercial and residential clients. Perfect seamless look of the final product is achieved through quality bonding and thorough machining of the connected Xonyx parts.

Core benefits of Xonyx solid surface tabletops:

- Hard scratch resisting durable surfaces
- Satin surface finish - modern look with easy-to-clean properties
- Seamless integration of tabletop, basins and skirts
- Functional accessories (towel bar, tissue paper dispenser etc)

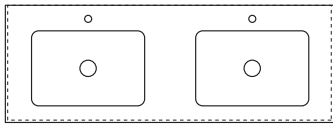

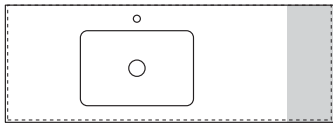

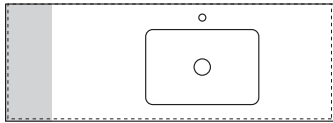

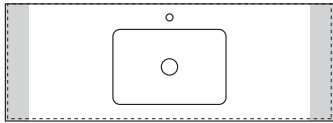

Tabletops are available in two different programs:

- STANDARD program of single-casted monolithic tabletops with fixed position integrated basin(s)
- CUSTOM program of tabletops with various design integrated basin(s) (basin(s) seamlessly undermounted)

STANDARD PROGRAM

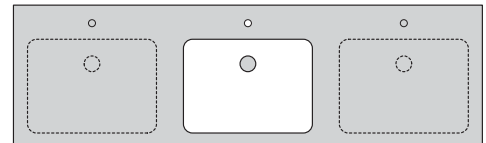

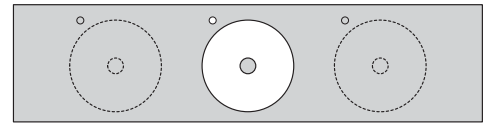

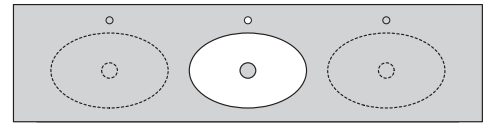

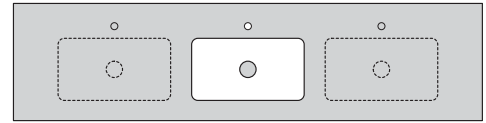

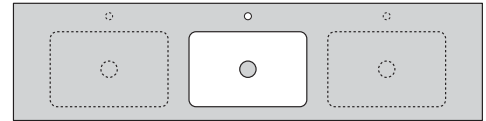

- › Tabletop up to 200 cm
- › Fixed basin position(s)
- › Centered basin: 60-160 cm
- › Right basin: 90-200 cm
- › Left basin: 90-200 cm
- › Dual-basin: 120, 140, 160 cm
- › One integrated basin type 48x32 cm (large rectangular)

Cut-to-measure area for tabletop width

CUSTOM PROGRAM

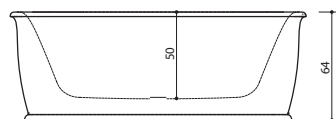

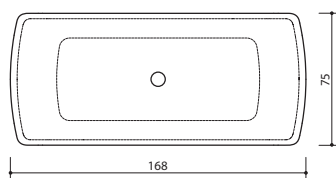

- › Tabletop up to 300 cm
- › Freedom in basin(s) positioning
- › Maximum 5 basins in a tabletop
- › Five different basin types:
 - large rectangular (50x32 cm)
 - small rectangular (48x26,5 cm)
 - oval (50x32 cm)
 - round (Ø 40 cm)
 - extra large rectangular (55x40 cm)
